Martin

Thank you to all of the staff at Bartec for installing my alarm system so promptly. It was very important for me to have the alarm system installed quickly and to be monitored by Grampian Police.

The guys did a very neat job, with no mess, completed in a few hours. The system is very simple to use, I'm glad we went for the wireless system with the remote controls. I'm delighted with the service, attention to detail, communication and installation that Bartec have carried out for me and would highly recommend your services to anyone looking for a similar system.

Thanks again  
Nick
